

Nimbus Cloud Storage - Company Overview

Company Background

Nimbus Cloud Storage Inc. was founded in 2018 and is headquartered in Austin, Texas. The company was started by three former data-infrastructure engineers with a mission to make secure cloud file storage affordable for small businesses. As of 2026, Nimbus employs 142 people and serves over 38,000 business customers across 22 countries.

Product Features

- End-to-end AES-256 encryption for all stored files
- Automatic daily backups with 30-day version history
- Real-time file sync across Windows, macOS, and Linux
- Team folder sharing with role-based permissions

Pricing Plans

Nimbus offers three subscription tiers, billed monthly. The Starter plan costs \$9 per user per month and includes 100 GB of storage. The Business plan costs \$19 per user per month and includes 1 TB of storage plus priority email support. The Enterprise plan costs \$39 per user per month, includes unlimited storage, a dedicated account manager, and a guaranteed 99.95% uptime SLA.

Support Contact

Customer support is available Monday through Friday, 8 AM to 8 PM Central Time, by emailing support@nimbuscloudstorage.example or calling 1-800-555-0142. Enterprise customers also receive a direct Slack Connect channel with their dedicated account manager.
